Lee's Martial Arts is a family oriented martial arts school. We encourage entire families to participate. We offer programs for everyone one in the family beginning with children age 5.

Our Little Dragons class is focused on children ages 5 to 8. We begin by working with them to understand the basic concepts of respect, discipline and focus while having a enjoyable time of physical exercise. We also teach them the basic skills of Tae Kwon Do with testing approximately every two to three months.

Our Tae Kwon Do classes focuses on those individuals who are over the age of 8 and we have several children who also have a parent involved in the classes as well. We teach the skills required to eventually earn a black belt in Tae Kwon Do. The skills include, but are not limited to kicks, punches, forms as well as an emphasis on stretching and conditioning.

Our Hapkido class is for those individuals who are at least 13 years old and are committed to learning Korea's most complete martial arts/self defense system. Korean Hapkido is the Art of Coordinated Power and trains and develops the student in many aspects. Stretching and conditioning are essential and therefore each class begins with a combination of each. While kicks, punches and forms are also a part of Hapkido, there is additional training in joint locks, pressure points and throwing skills.

Our black belt instructors are trained and certified. Each one continues to improve on their skills and develop new skills in their endeavors to earn their next black belt. Our head instructor is Mr. Lee, a 4th degree black belt. Senior instructor, Mrs. Thomason is the first and only 3rd degree female black belt in our style of Hapkido. Mr. Wakefield is the other black belt instructor.

We want to extend a warm welcome to our martial arts family and hope you find the programs both rewarding and enjoyable. We are committed to making your experience in the martial arts a success. The success of the program will also depend upon you and your commitment and desire to learn.

We look forward to many years together and we trust you will work hard in your efforts to earn a black belt.

Thank you again for your interest and your involvement in our martial arts program.
